***“Light shines in the darkness, and the darkness could not overpower it.”***

***(John 1:5)***

Lord,

We pray for our brothers and sisters in Haiti, that our compassion will not tire as the days of need stretch across time.

When despair threatens us, turn our hearts towards your rainbow, that we may remember your promise and embrace the colour of hope.

In our hearts we hold a vision of a just world. May we, by our actions, bear witness to your love.
